Dayton, OH -- (ReleaseWire) -- 10/21/2016 -- Big Times Kennel, a boarding, grooming and obedience training kennel in Dayton, OH, has launched a new website, <http://www.bigtimeskennel.com>. Co-owner John Reilly said the business needed a new way to contact customers and let the Dayton area know what services they provide. People who are shopping for services like those offered by Big Times often turn to the Internet to get information and find businesses.

"This was a major undertaking for us. We had to get everything we do, all the services we offer, organized and made reader friendly. We had to set it up so people could navigate it easily," Mr. Reilly said. "You will also be able to [book a reservation](#) for any of our services through the website. That was very important."

The new homepage makes it clear that Big Times Kennel is more than just a boarding kennel. The company offers pet grooming, agility and obedience training. Mr. Reilly said many people didn't realize a kennel could do more than just keep pets for a day or two.

"The website explains what we do and how we do it. If your pet is having issues, we are happy to work with you and your pet," Mr. Reilly said. "Obedience training is really teaching you and your pet how to be calm when it's important."

As part of the new effort to get the word out, Big Times Kennel has partnered with Virtual Assistant Marketing Company. Mr. Reilly said he checked owner Angel Lebak's references and found them impeccable.

"We're glad to have the chance to work with Mr. Reilly. He offers quality service for pets and people in Dayton need to know this," Ms. Lebak said.
